

I have been a XM Satellite Radio customer for about 2 years now. I fully enjoy the ability to choose what type of music I care to listen to without changing the station every 75 miles. Please reject the NAB's petition 04-160. I am an Eagle Scout with the Boy Scouts of America (class of 1990), a restaurant manager, a citizen that works for a living, a tax payer, and most importantly, a citizen of the United States of America. I believe in the rights and priviledges that our great constitution set forth for us. It may not be perfect, but it is the best. This constitution gave us the first amendment. Please do not pass this petition. This would be in violation to the constitution. This would be the power to destroy. This would set a very detrimental precedence....please let XM continue.
Thank you for your time and attention
